

Dear Parents,

November is here! This month in language arts, we have been talking about fiction and non-fiction books. We are practicing the high frequency words **I, a, am, play, is, have, little, can, to,** and **the**. We will be adding the words **go, we, my, like** and **see** this month. We put these words on our Word Wall in the classroom so that we can refer to them when we are reading and writing. Please review these words with your child at home.

In math, we continue to work on counting, recognizing and writing numbers, and recognizing and making patterns. The teen numbers are difficult for many to recognize and write. Please practice these at home.

In science, we are talking about weather and the seasons. We continue to have class meetings to talk about problems and problem-solving skills.

Please mark your calendars for these special November days:
